## BRIEF OVERVIEW **50**

## **CHOPTA**

Chopta, a serene village perched at an elevation of approximately 2,680 meters, serves as the base for the popular Tungnath-Chandrashila trek. The trail's key highlight is the Tungnath Temple, renowned as the highest Shiva temple in the world, located at around 3,680 meters. From there, trekkers can continue to the Chandrashila Summit, which rises to approximately 4,000 meters and offers breathtaking panoramic views of majestic Himalayan peaks such as Nanda Devi, Trishul, and Chaukhamba. Often included in extended itineraries is Deoriatal Lake, a tranquil spot known for its crystal-clear waters that reflect the surrounding snowcapped peaks. The trek typically spans 3 to 5 days, depending on the route and whether Deoriatal is included, and is considered moderately difficult—making it ideal for beginners with a reasonable level of fitness.
