BRIEF OVERVIEW

HAMPTAPASS AND CHANDRATAL

The Hampta Pass trek is one of Himachal Pradesh's most dramatic and beautiful trails, perfect for adventure lovers looking to explore contrasting landscapes in one trip. Starting from Jobra near Manali, the trail winds through lush green forests, blooming wildflower meadows, and river crossings of the Kullu Valley, before ascending to the high-altitude Hampta Pass at 14,000 ft.

Once you cross the pass, the landscape changes dramatically — from green to grey, welcoming you into the barren, cold desert of Lahaul-Spiti. The thrill of standing on the pass, with panoramic views of snow-capped peaks and deep valleys on either side, is simply unforgettable.

As a grand finale, trekkers are rewarded with a visit to Chandratal Lake — a stunning crescent-shaped lake nestled in the Spiti region. Surrounded by towering mountains, the lake reflects shades of blue and emerald depending on the sky, making it a photographer's dream and a peaceful escape for nature lovers. This trek is ideal for beginners and seasoned trekkers alike, offering everything from adventure and natural beauty to a taste of Himachal's diverse culture and climate zones.
